CALL TO ARTISTS

The Royal Canadian Legion is marking its centenary in 2026, celebrating 100 years of honouring and supporting Veterans, their families, and communities across Canada. To honour this historic milestone, the City of Summerside is seeking proposals for artwork that honour the dedication and sacrifice made by Canada's military personnel. We are accepting proposals for self supporting two and three dimensional works. Work to be located in a downtown location; see application for more location detail.
